Summary

I am a Computer Science student currently enrolled in a **BSc (Hons) Computer Science** program (January 2025 – January 2028). My studies focus on building strong foundations in programming, software development, and modern computing technologies.

Skills

- HTML, CSS, and JavaScript
- PHP, MySQL, Server-side Scripting
- Java
- C#, Unity
- Python
- C
- GitHub

Projects

Collaborative Development

Website Development

AI/Machine Learning

Game Dev, Unit

Education

Bachelor of Science (Honours) in Computer Science
Herald College Kathmandu Affiliated with University of Wolverhampton
01/2025 – 01/2028 | Kathmandu, Nepal

- Enrolled in a 3-year undergraduate program
- Building skills in programming, web development, and software engineering
- Gaining knowledge in modern computing technologies and problem-solving

Languages

English

Hindi

Nepali

Urdu

Interests

- Coding and programming
- Web development (front-end & back-end)
- AI/Machine Learning
- Learning new technologies
- Problem-solving and algorithm challenges
- Game development
- Networking
